

Local Authority Pollution Prevention and Control, Pollution Prevention and Control Act, 1999  
 Environmental Permitting (England and Wales) Regulations 2016

## Declaration of Reduced Operation

### Introduction

#### When to use this form

If your installation is for a period of not less than 12 months:

- a) being mothballed, or
- b) temporarily operating (or is going to operate) at reduced capacity, below the threshold requiring a permit,

You can use this form to declare that this is the case and may be eligible for reduced annual subsistence charges. This is an alternative to surrendering your permit and having to make a new application if production increases or restarts.

#### Next steps

When responding to this declaration, your local authority regulator may either:

- i) write to you confirming reduced charges. In doing so it will explain what you have

to do if circumstances change, and may also vary your permit to require you to provide information to them; or

- ii) ask you for more information which shows the basis of your declaration.

#### If you need help and advice

If you need any help or advice, please contact the environmental quality team on 01553 616200 or email [environmental.quality@west-norfolk.gov.uk](mailto:environmental.quality@west-norfolk.gov.uk)
