The PC supports a comprehensive climate change policy.

Acknowledgement of the need to take account of Climate Change allowances in flood risk assessment is welcomed and is in the interests of our coastal community. However, as worded point 7 below does not make sense.

Adapting and mitigating the impacts of climate change, including by:

117. New development will be located and should be being designed to be better and adapted to incorporate climate change and flood risk resilience (in accordance with LP15,16,22) and the latest Government guidance regarding the use of climate change allowances in flood risk assessments;

The following wording is proposed:

Adapting and mitigating the impacts of climate change, including by:

117. Ensuring it is New development will be located and should be being designed to be better and/or adapted to incorporate resilience to climate change and flood risk resilience (in accordance with LP15,16,22) and following the latest Government guidance regarding the use of climate change allowances in flood risk assessments;

(Continue on a separate sheet if necessary.)

Please note you should cover succinctly all the information, evidence and supporting information necessary to support/justify your comments.
