Section 2: Representations

Which Main Modification are you responding on?

Main Modification (MM) ref	Local Plan Paragraph ref	Local Plan Policy ref (if applicable)	Policy title (as applicable)
MM376			New Appendix NeighbourhoodPlan Housing Requirements

To which test of soundness does your representation relate?

The Local Plan 2021-2040 is currently under examination by Planning Inspectors, appointed by the Secretary of State). The Inspectors will assess the proposed Main Modifications against the soundness tests. Please indicate whether you consider the proposed Main Modification about which you are responding is:

	[Please tick appropriate box]	YES	NO
Legally compliant?			
Complies with the Duty to cooperate?			
Positively prepared (i.e. seeks to meet the area’s objectively assessed needs)?	X		
Justified (an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence)?	X		
Effective (i.e. deliverable over the plan period)?	X		
Consistent with national policy (National Planning Policy Framework: National Planning Policy Framework (publishing.service.gov.uk))?	X		

<p>Summary of Comments:</p> <p>Please give details of why you consider the proposed Main Modification that you are commenting on is sound (“Yes”) or unsound (“No”), with reference to the tests above. Please be as precise as possible.</p> <p>New Appendix Neighbourhood Plan Housing Requirements. This is a response on the example calculations within the Appendix. The Appendix does not explain what happens to the excess numbers of windfall requirements lost when the settlements capacity adjusts the numbers that would otherwise be the requirements for that settlement. Example is Hunstanton in the Appendix where the windfall reduces from 270 to 100 on capacity grounds. How are those other 170 houses provided for in the plan – it does not appear that other settlements in the same tier have figures adjusted upwards to balance this loss, and is therefore likely to lead to a shortfall. Given Windfall is such a vital part of supply in this plan this is considered unsound. If capacity reduces likely provision in one settlement it should lead to an upward adjustment in other settlements in the same tier to meet policy intentions for supply.</p> <p>(Continue on a separate sheet if necessary.)</p>

Please note you should cover succinctly all the information, evidence and supporting information necessary to support/justify your comments.

Section 4: Data Protection
