Dear Local Plan

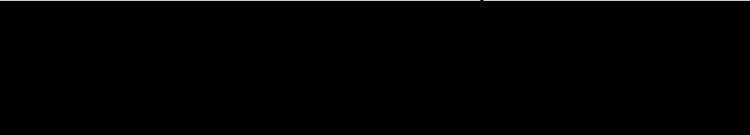

The Wereham Parish Council discussed the Local Plan at their September meeting. They asked me to formally return the following comment to the Borough Council on the belief that it understands there is possibility that development boundary's for villages are to be removed.

The Parish Council strongly believes that planning boundaries should not be disregarded, as they serve a crucial purpose.

The term "boundary" was established to protect agricultural land, and without clear parameters, the Parish Council cannot effectively operate. There are under-utilised areas in cities and towns that could be developed, making the preservation of agricultural land essential.

Kind Regards

Helen Richardson  
Wereham Parish Council Clerk and Responsible Finance Officer
