MM5		New policy	Spatial Strategy

To which test of soundness does your representation relate?

The Local Plan 2021-2040 is currently under examination by Planning Inspectors, appointed by the Secretary of State). The Inspectors will assess the proposed Main Modifications against the soundness tests. Please indicate whether you consider the proposed Main Modification about which you are responding is:

[Please tick appropriate box]	YES	NO
Legally compliant?		
Complies with the Duty to cooperate?		
Positively prepared (i.e. seeks to meet the area’s objectively assessed needs)?		
Justified (an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence)?		
Effective (i.e. deliverable over the plan period)?		
Consistent with national policy (National Planning Policy Framework: National Planning Policy Framework (publishing.service.gov.uk))?		

Summary of Comments:

Please give details of why you consider the proposed Main Modification that you are commenting on is sound (“Yes”) or unsound (“No”), with reference to the tests above. Please be as precise as possible.

The Introduction to the New Policy on Spatial Strategy does not include the Wisbech Fringe as one of the most sustainable locations for development. This is unsound given the location is part (in practical terms) of the larger market town of Wisbech. We consider the modification is unsound, without this inclusion, given the rational of the approach in paragraph 2 of the introduction.

(Continue on a separate sheet if necessary.)

Please note you should cover succinctly all the information, evidence and supporting information necessary to support/justify your comments.
